ANTICO GLAZE OVER SANDSTONE

ARTISAN FINISHES

Durex® Artisan Finishes are a decorative line of Durex® Architectural Coatings that place a premium on the applicator's skill and craftsmanship to create a finish of aesthetic beauty. Durex® Artisan Finishes are inspired by the look of sharp cut stone and classical European finishes. Available in standard and custom tinted colours.

ANTICO GLAZE

Translucent glaze that simulates a natural aging effect. For use over any texture.

Coverage: 1500 ft²/pail (approximate)

SANDSTONE

A pre-cast like finish that gives a limestone appearance for a sharp, modern look.

Coverage: 100 ft²/pail (approximate)

RASATO

Coarse grade smooth finish for a unique texture with a rustic feel.

Coverage: 100 ft²/pail (approximate)

RUSTICO

A medium grade smooth finish that creates a uniform classic texture.

Coverage: 100 ft²/pail (approximate)

PREMIUM FINISHES

Durex® Premium Finishes are a line of decorative coatings that expand the imagination of what is possible from an architectural finish. Durex® Premium Finishes are individual and innovative, featuring aesthetic qualities that open up a new realm of possibilities for the most discerning designers. Available in standard and custom blends.

CENTURY STONE

Acrylic and multi-coloured coating made of proprietary aggregates and flakes.

Application: Steel trowel applied

Coverage: 150-220 ft²/pail (coverage varies depending on colour)

GEMSTONE

A high-build, decorative coating consisting of coloured aggregates and oversized mica flakes.

Application: Steel trowel applied

Coverage: 120 ft²/pail (approximate)

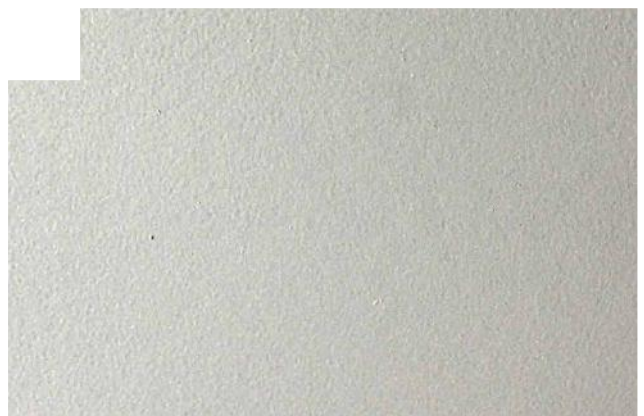

GRANITE

Protective and decorative coating consisting of coloured aggregates embedded in a clear resin.

Application: Steel trowel applied

Coverage: 120 ft²/pail (approximate)

CROMATEX

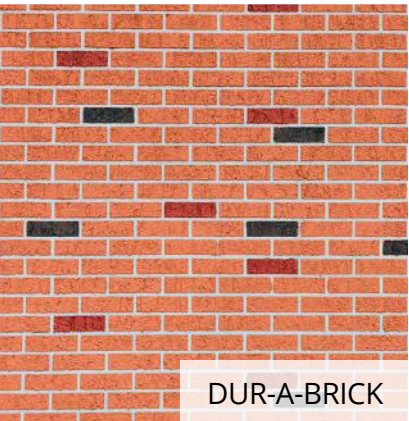

Durable, metallic coating with high grade acrylic polymers that yields a sharp finish.

Application: Fine paint spray applied

Coverage: 500 ft²/pail (approximate)

GRANITE

DUR-A-BRICK

CRYSTAL COAT

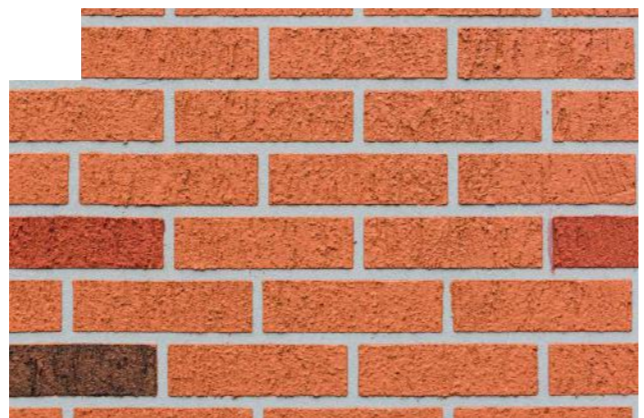

GEMSTONE

CRYSTAL COAT

High build, multi-coloured reflective coating with a rich, vibrant texture.

Application: Trowel and float finish with metal trowel
Coverage: 95 ft²/pail (approximate)

DUR-A-BRICK

A unique finish that simulates the look and feel of a masonry material.

Application: Stencil for pattern. Trowel and float finish
Coverage: 100 ft²/pail (approximate)

CLASSIC FINISHES

Durex® Classic Finishes are a composition of classic aggregate blends in an innovative acrylic emulsion base to create a line of finishes that are easy to apply, are striking in appearance and have supreme long-term durability. Available in standard and custom tinted colours.

MARBLE COAT 1.5

Our most popular texture, is a coarse high-build finish with an added depth of texture.

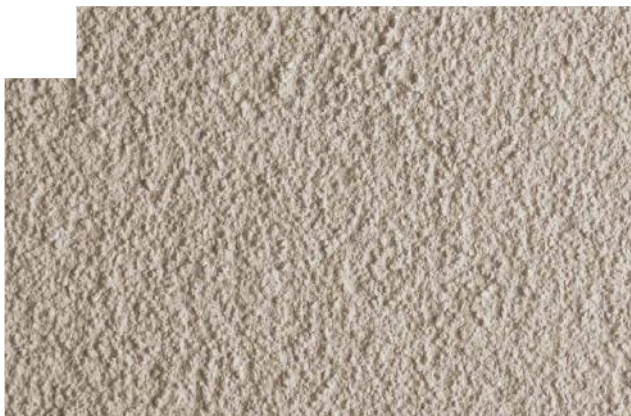

Application: Trowel and float finish with plastic towel
Coverage: 100 ft²/pail (approximate)

MARBLE COAT 1.0

Another popular texture, a medium build finish for a slightly finer but deep look.

Application: Trowel and float finish with plastic towel
Coverage: 120 ft²/pail (approximate)

PEBBLEFLOAT

A coarse, high build finish with uniform stone sizes for a pebble-like appearance.

Application: Trowel and float finish with plastic towel
Coverage: 100 ft²/pail (approximate)

SANDEX

Our finest float applied coating that yields a fine, uniform pebble finish.

Application: Trowel and float finish with plastic towel
Coverage: 140 ft²/pail (approximate)

VENECIAN

A medium build finish with added aggregate for a classic swirl look.

Application: Trowel and float finish with plastic trowel
Coverage: 140 ft²/pail (approximate)

BRUSHCOAT

A versatile, textured coating with excellent permeability and water repellency.

Application: Roller applied.
Coverage: 100 ft²/pail (approximate)

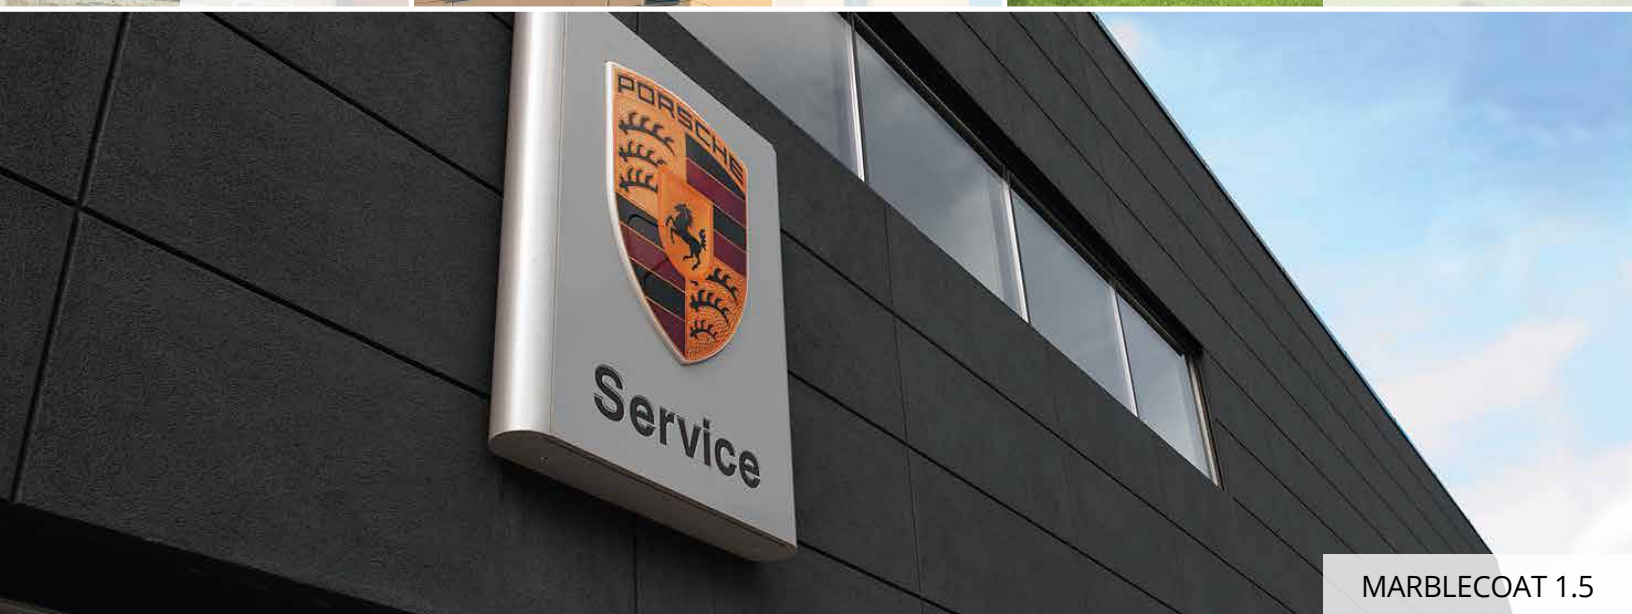

PEBBLEFLOAT

SANDEX

MARBLECOAT 1.0

MARBLECOAT 1.5

STUCCO SPRAY

High-build, spray applied thixotropic finish that yields a classic, stipple effect.

Application: Spray Gun/Hopper with Compressed Air
Coverage: 160-200 ft²/pail (approximate)

TROWEL GRADE

High-build, thixotropic coating that allows the applicator to create a free-form texture.

Application: Freehand with Metal Trowel
Coverage: 160 ft²/pail (approximate)

KOLOR GARD

Fade resistant technology that enhances colour fastness properties of bright or deep mass tone colours.

Application: Roller (topcoat) or as required by finish
Coverage: 1200 ft²/pail (or as per finish texture)

KOLOR GARD

Durabond Products Limited

Durabond Products Limited is a market leader in the development and manufacturing of high performance protective coating systems and products for the building enclosure. For over 50 years design professionals, engineers and contractors have chosen Durex® Architectural Coatings, Durex® Technical Coatings and a wide range of related construction products by Durabond to protect, enhance and restore their buildings.
