DECORATIVE FINISH FOR COMFORT FLOORING

Durex®

DecoArt Marbletech

Durex® Marbletech for Dur-A-Comfort Floors is a decorative finish for long-term, low maintenance floors in high traffic healthcare environments, hospitals, residential, and office areas. Veining and colours can be customized as desired.

Durex® Marbletech is part of the Durex® Dur-A-Comfort ergonomic floor system that features a stand-alone wear-resistant layer for enhanced durability and point load resistance.

COLOUR

Netherhart Gray

Printed samples represent actual finish colours as closely as possible. Colour appearance may vary by texture, lighting and method of application. Always request a textured sample before ordering.

The recommendations and information in this chart/document are for the application of Durex® products manufactured by Durabond, and are based on practical knowledge for general site conditions and uses. This chart is to be used as a reference guide only to identify and display the various products for general, non-site specific applications for a variety of installations. Differences in site conditions, preparations, materials are continuously variable and unknown.

As such, no warranty, guarantee or legal binding relationship is implied whatsoever with these products and systems and no guarantee can be made to their performance. In addition, preparation and condition of the substrate is of such utmost importance that a Durabond Technical Representative must be notified prior to installation of any of the aforementioned products and/or systems.

An installer must always prepare the surface to the recommendations found on the current data sheet of each product written and produced by Durabond Technical Coatings Limited. These data sheets can be obtained from Durabond's website, www.durabond.com, or by contacting a Technical Sales Representative directly.
