

Durex[®] Marine Grade Corrosion Resistant Metal Protective Coating

Marine & Aggressive Climate Exposure Protection

Ideal for

- High Demand Industrial Applications
- High UV Exposure Conditions
- Commercial / Industrial Maintenance

When to use

- Marine & Offshore Application

Features

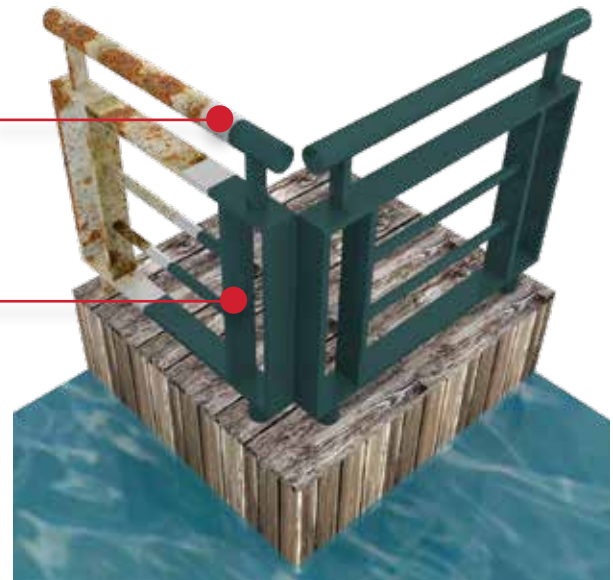

- Excellent General Corrosion Protection
- Durable Polyaspartic topcoat with excellent UV Resistance

Colour Availability

- Tinted

**EPOTEL
WB DTM
primer**

**EPOXANE
top coat**

COMPONENT	PRODUCT	DFT	COVERAGE	APPLICATION TEMPERATURE
PRIMER	Epotel WB DTM	3 - 5 mils	200 - 300 ft ² /Gal	10°C to 40°C
INTERMEDIATE COAT	<i>Optional</i>	-	-	-
TOP COAT	Epothane	5 - 7 mils	150 - 200 ft ² /Gal	10°C to 40°C
